Baked "Dogs" in a Blanket

This recipe requires adult supervision.

1 Turkey or beef hot dog

2 triangles or round pieces of biscuit or crescent roll dough

Ketchup

Tip: Always use an oven mitt or pot holder to remove hot items from the oven.

Pat or roll out dough on a bread board or kitchen counter to a 4-5" diameter. Set aside.

Carefully insert popsicle or food safe wooden stick into the hot dog. Put hot dog in the middle of the dough and completely cover the "dog" in a blanket. Place on a baking sheet and bake for 8-10 minutes in a 325 degree oven.
